Collectors Catalogue

The fairy tale began for Charlie Bears in 2005 when it was founded by Charlotte and William Morris from their rented home in West Yorkshire, England. Their dream was to create an affordable yet collectable range of Teddy Bears and companions for bear collectors all around the world. Today in their 11th year the bears can now be found in many different countries and make regular TV appearances worldwide. A gallery of the retired bears from their early collections is also opening this year inside the wonderful "Bearhouse" at Cornwall in England and the Charlie Bears Best Friends Club is still rapidly growing.

The new bears featured inside this catalogue are mostly inspired by the collectors who have contacted Charlotte or met with the couple as they toured last year to celebrate their 10th Anniversary.

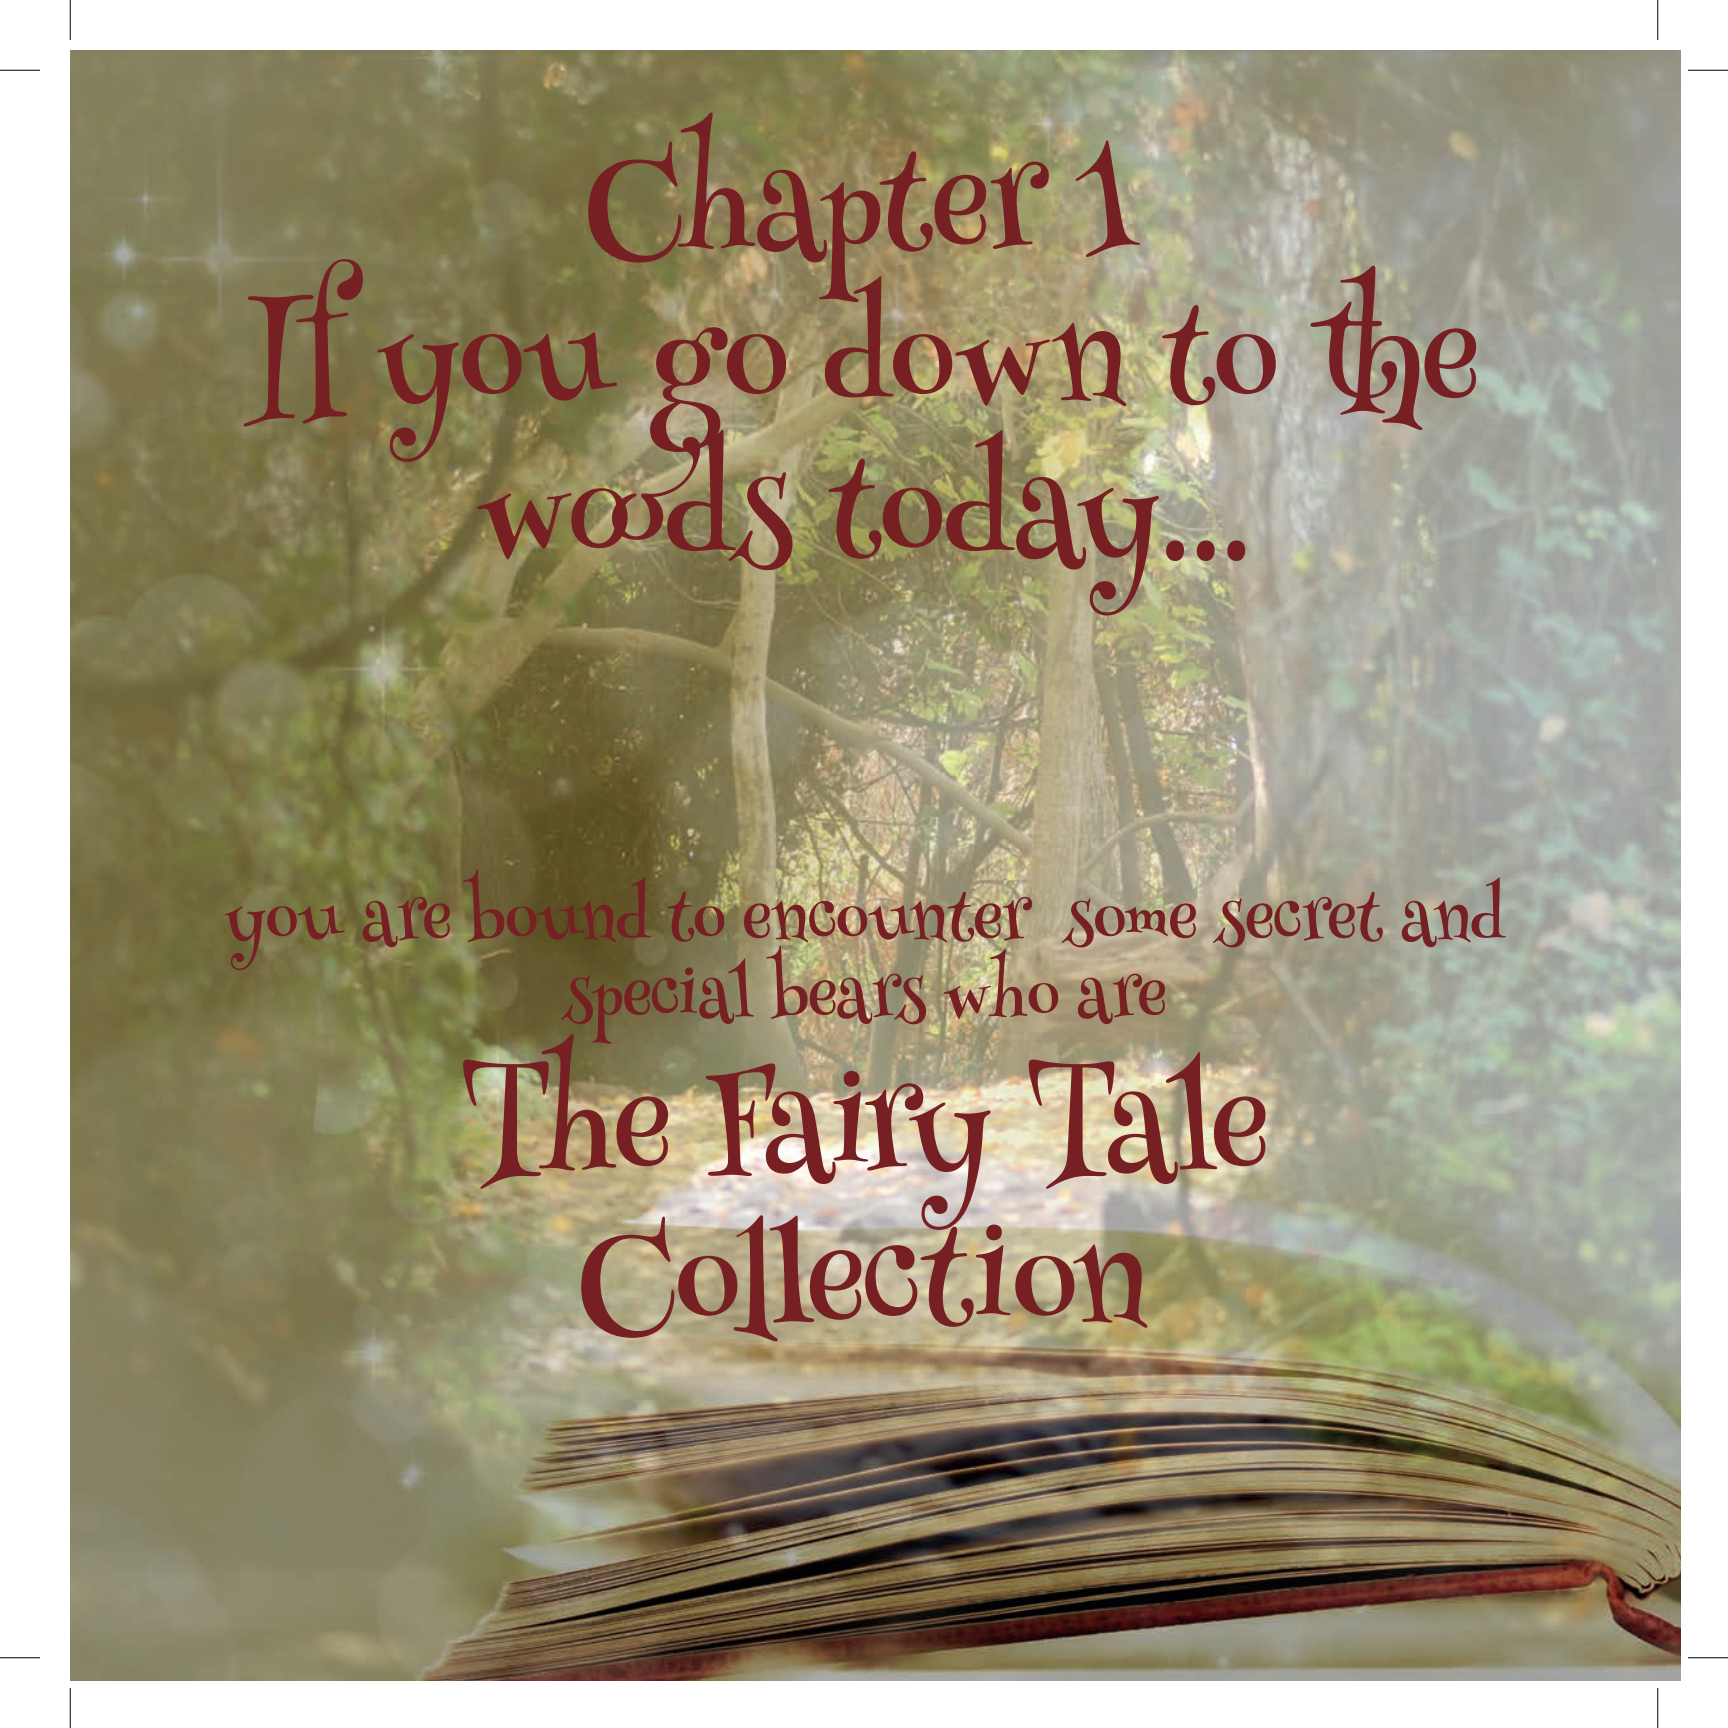

However not every bear that will be launched this year is showcased inside as there is also a Secret Collection which appears through the year for collectors too!

These can be seen when you join the Best Friends Collectors Club or watch the TV appearances so there are still many surprises as the year unfolds.

A handwritten signature in black ink that reads "Charlie" in a cursive script. Below the name is a long horizontal stroke that ends in a small, stylized mark resembling the number "4".

PS

"I hope you all enjoy the new bears as much as I have enjoyed creating them and I feel sure, knowing our collectors as I do that there will be at least one little character that chooses you !!"

The background image shows a dimly lit attic space. The walls are made of aged, yellowish-brown plaster with some peeling and cracks. A wooden door is visible in the center, slightly ajar, leading to a brighter area. The floor is dark and appears to be made of wood or stone. The overall atmosphere is mysterious and old.

In a dark and dusty attic of the castle, some beautiful and well-loved bears are waiting just for you...

will they find their happy ever after?
The Attic Collection

A stack of several old, thick books with worn, yellowed pages is visible at the bottom of the image. The books are stacked horizontally, and their spines are visible on the left side.
